

New Product from Radiator Centre Ltd

Waves of heat

Aesthetically designed aluminium profiles; efficient, elegant and soft. Specially designed top covers emitting warm air, the silky surface in different colour options will make Wave the ideal heating element for your interior.

Manufactured from recycled aluminium, positive for the environment, and incredible outputs!

Due to their low water content and high heat transfer, our new designer aluminium range is the perfect partner for low temperature heating systems such as heat pumps.

Specifications

Models Available	13	Delivery Details	Stocked items: 3 working days
Materials	Aluminium	Guarantee	5 years
Standard Finish	Natural / Black	Output Range	931 - 2975W
Connections	1/2" BSP	Stock availability	Highlighted models in stock
