

New Breaking new ground in radiator design, the Spiral range has been developed with pioneering technology. The rectangular-section stainless steel bars are twisted uniformly along their length using a patented machine and tooling to create an arresting visual effect. The exciting new 720° design incorporates three full twists along each of its nine bars, revealing alternating brushed and polished surfaces. 180° & 360° twists are also available (price on application - please call)

Specifications

Models Available	3
Materials	Stainless Steel
Standard Finish	Brushed / polished Bi-Finish
Connections	1/2" BSP
Delivery Details	Stocked items: 3 working days
Guarantee	25 years
Output Range	982 - 1767W
Stock availability	All models In stock
