

# [ Burlington ]

**172.3** watts per section  
90/70/20 Δt 60°C EN442

**The Burlington** is the preferred choice for traditionally styled new build or refurbished period properties, where it can replace outdated or antique radiators with minimum disruption to the fabric of the building or the existing pipework.

Supplied in a single height of 838mm assembled Burlington radiators can be supplied to site in lengths from 3 to 15 sections. Further sections can be assembled on site for longer finished radiators.
